Hi Michael

Testimonial: - I needed the best advice and guidance available to sell my property (my most valuable asset) and look for a new place to live. I felt Michael Vaidya at Haleigh's in NW3 gave me the knowledgeable and professional service I was looking for. His openness when presenting the options for decisions was commendable, as well as his support and focus, during periods of uncertainty, was very much appreciated. The end result was I sold my flat quickly for a good price. I also bought a light and spacious place which I am delighted with. Ultimately you are dealing with people, which Michael understands only too well. His personal service, patience and expertise were invaluable. I would have no hesitation in recommending Haleigh Residential to others looking for a trustworthy estate agent service that they can have complete confidence in.

Thank you, Michael, for a job well done.
