Dear Noah

Just to say we were so impressed with the service we received from you and your colleagues whilst we were looking for a property and subsequently when purchasing our flat.

Nothing was too much trouble for you and I can honestly say Hadleigh is one of the best Agents we have ever dealt with.

You were on hand at to sort out any issues and always made the time to get us the information we needed.

Thanks again so much for making the whole process so stress free and easy.

Best Regards

Richard
